EXTRA-CURRICULAR:

Global to Local (2016-Present)

Co-founded a student-led global service learning program in which students fundraise to travel overseas to volunteer for ten days, then return to our city to act as Project Managers for local, community-based impact projects.

Marathon Project (2015-Present)

Two year member of a non-profit agency that empowers youth through running. This after school program promotes healthy eating and responsible choice making. Through the Marathon Project, I learned about determination, perseverance and goal setting.
